

# INSTRUCTION MANUAL

## 1. USING YOUR BINOCULARS:

### A. IPD (INTERPUPILLARY DISTANCE) ADJUSTMENT

Set the interpupillary distance by grasping the lens barrels and bending the body of your binoculars, until you can see only one circle.

### B. FOCUSING

Focus the binoculars by rotating the center focus wheel, until the image is sharp and clear.

## 2. CLEANING INSTRUCTIONS:

A. When wiping the lenses, use the lens cloth that comes with the binoculars, or a soft lintless cloth.

B. To remove any remaining dirt or smudges, add one or two drops of isopropyl alcohol to the cloth.

C. Store your binoculars in a moisture-free area.

## WARNING:

1. Viewing the sun can cause permanent eye damage.

Do not look directly at the sun with the binoculars.

2. Do not attempt to clean your binoculars internally or try to take it apart.
